

REMARKS

1. Information Disclosure Statement

The Examiner notes that reference (CM) cited on page 2 of the list of art cited by Applicant with the Information Disclosure Statement of October 7, 2003 did not include an indication of the date of publication. The Examiner has requested correction. Enclosed, therefore, is a new form which lists only reference (CM) with an indication of the publication date. Since Applicants previously submitted a copy of the publication, an additional copy is not being submitted with this Response. Since the reference was previously submitted prior to a first Office Action on the merits, correction of this formality and consideration of the reference by the Examiner should not require the payment of any fees by the Applicant.

2. Rejection Under 35 U.S.C. § 112, First Paragraph

Claims 1-17 and 19 have been rejected under 35 U.S.C. § 112, first paragraph, with the Examiner urging that the application does not provide enablement for “prevention” of a disease or condition. Although the Applicants do not concede the propriety of this rejection, the claims have been amended to delete the phrase “or prevention” in order to expedite allowance the application. It is believed that this action overcomes the only rejection in the application, so that the claims should now be in condition for allowance.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Leonard R. Svensson Reg. No. 30,330 at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.
